	What if I start to feel ill?		Start isolation and call your health care provider.	Start isolation and call your health care provider.

<sup>1</sup> Essential travel may include for food, medical care, care of others, or work for businesses that are allowed to operate.

<sup>2</sup> Recovery is when all three have happened: 1) It's been three full days of no fever without the use of fever-reducing medication, and 2) Other symptoms have improved, and 3) At least 10 days have passed since any symptoms appeared.

Or if you didn't have symptoms when you were tested, recovery is when 10 days have passed since the date of your first positive test and you continued to have no symptoms.

<sup>3</sup> **For close contacts:** 14 days since the day you were last in close contact with the person with COVID-19. **For returning travelers:** 14 days since you were last outside of Vermont (excluding select counties in the Northeast).
